**Microchip:** -  
**Sire:** -  
**Sire registration:** -  
**Dam:** -  
**Dam registration:** -  
**Date of birth:** 27 June 2019  
**Sex:** Female  
**Owner's description:** Chocolate

### Pedigree

A DNA profile has not been requested.

### Appearance and health

Test	Genotype	Comments
* Cerebellar abiotrophy marker (LINGO3)	C C	Negative for the CA: LINGO3 marker

\* These tests are marker tests. We classify a test as being a marker when it does not cause that trait, but is statistically associated with it. This means that in a minority of cases an animal can test negative but still have the trait, or conversely test positive but still lack the trait. Some tests are classified as markers because environmental triggers are required to make the trait apparent.

## DNA TEST RESULTS

ISAG institutional member no. 129553
